

Chapter Choice Problem

Jamal Parker consults you for some debt advice. He explains that the terrible parking situation in the Loop and his crowded neighborhood on the South Side of Chicago has resulted in his car being ticketed for improper parking ... 25 times, for a total of \$2500 (including late penalties). As a result of this mountain of citations, Jamal's driver's license has been suspended, and his car has been towed and impounded by the City of Chicago. Jamal is concerned that, if he can't drive, he can't get to work, and his debt situation will spiral out of control.

Can bankruptcy do anything for Jamal? See §§ 523(a)(7), 542(a), 1303, 1328(a)(2).
